

M3 IEM Frequency Options

- The M3 series is available in three different frequency bands:
- L band - TV channel 38 - Up to 4 systems.
 - A yearly 'shared' licence is required to use TV channel 38, it costs £75 and is available to purchase on www.JFMG.co.uk.
 - The frequencies are set aside for professional users only, so there is a low risk of interference.
- H1/M band - Multiple TV channels - Up to 32 systems
 - A yearly 'set-location' licence is required costing £28 per system and is available to purchase on www.JFMG.co.uk.
 - You can check the availability in your location by calling Audio-Technica or going to www.JFMG.co.uk.
 - The frequencies are set aside for your personal use only, offering the best protection from interference.
